

HYDRA VEGAN DETOX

Specific treatment to deeply cleanse and restore the coat, from root to tips.

Why pets need a detox treatment?

Even maintaining a care routine for the pet's coat, the sun, the wind, dust, pollution, and other external factors end up compromising the health of the coat.

Thinking about this, Hydra Professional Line launched an exclusive Collection that will recover the coat from root to tips: Hydra Vegan Detox.

How it works?

Hydra Vegan Detox Collection will eliminate impurities, unclog the follicles, improve the oxygenation of the hair strands, and facilitate the absorption of nutrients, providing more strength and shine to the coat. Besides that, it will minimize damage caused by heat, exposure to polluting agents, product accumulation and excessive oiliness.

What is the indication?

It is indicated to offer a Detox effect on the coat. It can be used on dogs and cats 8 weeks and older with all types of coat including smooth, curly double and fluffy.

How to know when to use?

The main factor to consider when choosing the right treatment is to check the condition of the coat. If it is dry, lifeless or oily, Detox treatment is recommended.

For pets with a history of dermatological issues, consult the veterinarian before applying this treatment.

Directions: Topical use. Wet the pet's coat and remove the excess of water with your hands. For small and medium coat pets, apply 40g of the **Hydra Vegan Detox Purifying Mud** all over the coat, spreading well (apply proportionally according to the size of the pet). Let rest for 1 minute and rinse it until there is no product left in coat. Dilute the **Hydra Vegan Detox Shampoo** in 4 parts of water and apply all over the coat,

spread the product, massage well until it forms a uniform foam and rinse. Dilute the **Hydra Vegan Detox Conditioner** in 4 parts of water, spread throughout the coat, massaging in the direction of coat growth until evenly applied and rinse. Dry the coat normally with the blower and dryer. Finish up applying the **Hydra Vegan Detox Cologne** all over the coat.
